Q. Which is the nearest metro station?

Ans. There are 2 metro lines near IIITD campus.

The violet line with Govindpuri Metro Station and Okhla Metro Station. Both close to campus. Govind Puri Metro Station would offer a 5-7 minute auto-rickshaw distance (recommended for students with luggage) or 12-15 minute walking distance. On the other hand, Okhla metro stations offers only walking distance of around 5-7 minutes. (The gates are open till 8pm only and the route shall be avoided if you are alone)

NSIC Okhla metro station on the newly constructed magenta line offers a comparatively longer walk to college but preferred for students coming from Dwarka or Noida side as you need not change at Kalkaji Metro for violet line and this saves few minutes. Auto-rickshaw service is very good but not a recommended path after dawn.

Q. What things one should bring for Induction Programme?

Ans. For day scholars :-

Back your backs with Notebooks and Pens. Bring along a water bottle and light snacks. In case, you wish to attend some particular night-event, bring a pair of clothes with you and ask any of the coordinator there for room for a night.

For Outside Delhi students:- As you would all be shifting to the hostel on a permanent basis and not just for induction, so you should must have your own single bed mattress which won't be provided by the hostel. Rest of the things are totally dependent on your own needs. Bring your daily life things. There will be availability of microwave oven in the common room of hostels, otherwise no electrical equipments are allowed in the hostel rooms.

For delhi students -- You, depending on the distance, may or may not get the hostel rooms for this academic session. I will suggest you to pack light for the induction week and shift the whole stuff after you get the room. Take it as a week long tour. Pack accordingly.

Q. Is there any market nearby to buy all the things we need for the hostel stay ?

Ans. There is KALKAJI MARKET just 2 kms away. You can buy almost everything here. NEHRU PLACE is also very close in case u need any electronics item. Just google the shops here and you can easily use ola/uber to carry the things in case they are not easily portable.
